**SSPR Members**  
**APA Members, Regions VII and VIII**  
**SRM 2022 Oral and Poster Presenters**  
**SRM 2022 Registrants**  
**SSCI Fellows and Members**  
**SAFMR Members**

As Presidents of the SSCI, SSPR and Chair of the SAFMR, we would like to inform you that SRM 2022 will proceed as a hybrid in-person meeting with virtual options for most, but not all, activities, and sessions. In consideration of the safety of our attendees, vaccine verification or a negative COVID test (within 72 hours of arrival) will be required, as will masks while in meetings. Maximal measures are being taken with the hotel to ensure social distancing. We have also made some changes to exclude large meal gatherings.

While we hope to see most of you in person, for those who are unable, the plenaries, concurrent sessions, and workshops will be offered virtually. We are currently hard at work on revising the program and finalizing the virtual piece. We will circulate the revised program and share the details surrounding the virtual option as they become available.

Please note that the poster session will **not** be offered as a virtual option. Poster presenters who cannot attend in person may send their posters with a colleague, or ship it to the hotel, and our staff will be glad to mount it for you. Posters without in-person presenters should have email address on the posters with the presenters available during the session so that queries can hopefully be answered in real-time.

**All attendees and presenters will be required to register for the meeting whether they attend in-person or virtually. If you have not registered, please do so at your earliest convenience at <https://ww2.highmarksce.com/tulane/index.cfm?do=pln.viewActivity&plannerID=1445>.**

**If you have not made your hotel reservations, the reduced group rate is available until January 25. Reservations can be made at <https://book.passkey.com/e/50207353>**

**As more information is available, it will be distributed. Specific instructions to both oral and poster presenters will be sent soon.**

We are looking forward to a very successful SRM 2022 and appreciate your support and attendance.

Sumanth Prabhu, MD, President, SSCI  
Christopher Pruitt, MD, President, SSPR  
Alexander Philipovski, MD, Chair, SAFMR
